

2026 BYOD APP List

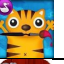

BYO iPad Program App General Information:

The apps provided in this list have been curated to provide students with a range of software that will enhance their educational experience and access. All apps on this list have been tested to ensure they work as expected on the school network. If the installed app on your iPad stops unexpectedly or crashes frequently, please try reinstalling the app by uninstalling it and redownloading it from the App Store. The following are the recommended apps. We are mindful they can represent an added cost and therefore the majority are free or modestly priced and extremely good value for money. From time-to-time, teachers may ask for additional apps to be installed.

BYO iPad Program App List (Paid Apps)

App Icon	App Name	Paid App Information
